

Agenda item 110.25.04 Heath Crescent land disposal

PLANNING

NORTH YORKSHIRE COUNCIL
LOCAL GOVERNMENT ACT 1972
SECTION 123 (2A)

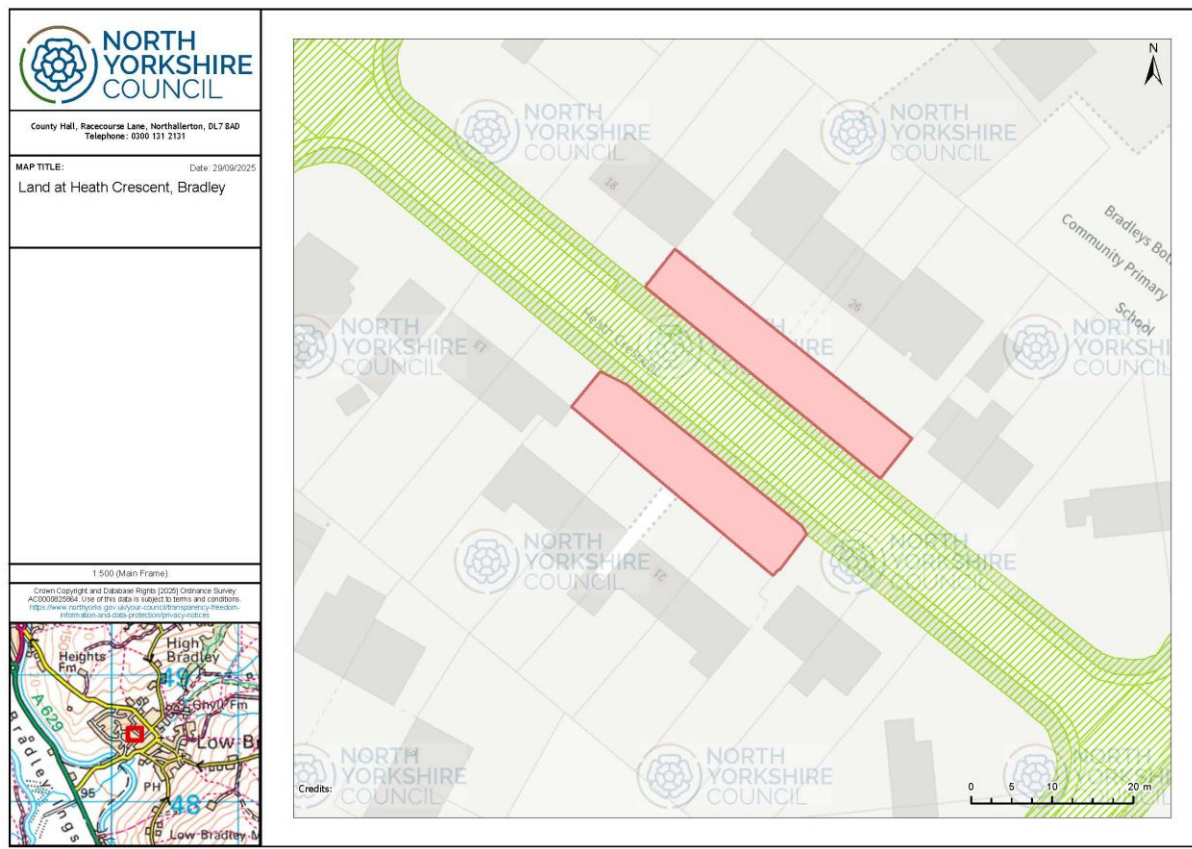

NOTICE is hereby given pursuant to Section 123 (2A) of the Local Government Act 1972 that North Yorkshire Council intends to dispose of land at Heath Crescent, Bradley, BD20 9EP ("the land").

In accordance with the provisions of Section 123 (2A) of the Local Government Act 1972 the Council will consider any objections to the proposed disposal of the land which are to be received within 14 days of the date of the first publication of this notice and which are addressed to:

Mr Tom Ireland, Estates Surveyor, Ryedale House, Malton, North Yorkshire, YO17 7HH or by email to estatesteam@northyorks.gov.uk

Any objections or representations made within the time set out in this notice will be considered by the Council before a decision is made.

A plan of the proposed area can be made available upon request by emailing the address above or by telephoning 0160 979 5714.

Agenda items: 112.25 Financial Reports and 114.25.01 Draft resolution of Charity sent separately.

Agenda item 115.25 Funding for coffee morning

I'm writing seeking some financial support in starting up a coffee morning at Bradley village hall, to run weekly every Monday 10.30-11.30 to reduce social isolation in the village- and beyond of people are willing to travel.

I have a group of willing volunteers, we just need some funding to set ourselves up, have some petty cash to purchase tea and coffee and milk and biscuits.

We should get the village hall for free as it is a community event.

We ran the coffee morning pre Covid on a Friday with some support from Age UK Craven but since Covid, the group disbanded and I'm looking to restart it asap.

Do you have any available funding to help us start up or if you know of any small pockets of funding that we could access?

I look forward to hearing from you.

Agenda item 116.25 Request for funding from Citizens Advice

During the long hot summer, North Yorkshire Citizens Advice & Law Centre (NYCALC) has been earnestly preparing for what will be our busiest time of year, autumn and winter.

The shorter and chillier days place far more demand on people's pockets and see a dramatic increase in people attending our drop-ins, outreach sessions and calling the telephone advice line. As you will be well aware, everyday living remains expensive with food prices rising and energy bills unpredictable, sadly resulting in hardship for many. Over the last year debt has become an increasingly common problem, with an 18% increase in NYCALC's cases. We are proud that we have been able to help people tackle this distressing issue constructively and enable £3,288,934 of debt to be written off across the county.

NYCALC is committed to being here to provide the advice and legal help necessary to help anyone in North Yorkshire and Bradleys Both overcome their difficulties. Over the last 12 months in Bradleys Both, North Yorkshire Citizens Advice & Law Centre helped 23 clients with 37 issues. The most common problems have been around welfare benefits, financial services and consumer goods.

Good advice really does change lives and without our free, confidential and impartial service, people in Bradleys Both would struggle to find reliable and regulated advice. We are hoping that Bradleys Both Parish Council is in a position to make a donation towards what is an essential local service. We promise that any donation will be used solely for the delivery of advice.

NYCALC knows that it is not always possible to make a gift. If this is the case for you this year, please could we ask instead that you publicise NYCALC's services so the people in Bradleys Both know where to find advice.

Agenda item 117.25 Electric to Pavilion garage

Quote 1. Job Description Amount

Quote for work at Bradley Cricket Pavillion
Run SWA cable from main fuse box to outbuilding to
supply socket and light

Total £350+VAT

Quote 2

6mm swa wired from existing CU to new CU supplied and fit by us £950 including materials
and labour. £600 materials £350 labour.

Agenda item 119.25 Rospa report sent separately

Agenda item 121.25 Risk Assessment report sent separately.

Car park litter bin; see separate quotes for bins.

Agenda item 122.25 Repair to amenities car park wall

Quotation as follows

To take down and dress off stone

To rebuild, cementing on the tops as before

To clear and tidy site

£110 + vat @20 .

I hope this is in order.

Agenda item 125.25 Camper van and parking

Could we discuss how the campervan has been parked on Ings Lane.

Currently it is causing vehicles to have to drive across the white lines to pass. There
is space in front to pull in further to avoid this.

I've had a complaint from a resident living close to the village hall. Seems to be a
Thursday evening when parents are picking their children up from a village hall
function.

Lots of cars on the road and pavement with children crossing the road opposite the
village hall entrance. When it's dark cars coming around the corner from Main Street
would not see them until the last minute.

The carpark lighting is none existent at the rear and there are many pot holes.

This is clearly dangerous and as I can attest.

Agenda item 126.25 Remembrance Service

Sunday 9th November 2025 Bradley Village Hall
10.30pm (TBC)

- **Election charges:**

Parish Council Briefing: Approved Policy on Election Recharges

Following approval by North Yorkshire Council's Executive on 16 September 2025, a revised policy on **recharging parish councils for election costs** will be implemented. This change affects both **scheduled elections** and **uncontested polls** and is designed to ensure a fairer distribution of costs across the county.

Key Changes

1. **Scheduled Elections (from May 2027 onwards)**
 - Parish councils will be recharged for **costs directly attributable** to their elections, including:
 - Ballot papers
 - Postal vote packs (if dispatched separately)
 - Where the election is uncontested (insufficient candidates), an uncontested fee of between £50 and £125 will be charged depending on the size of the parish council and the number of seats to cover the costs of candidate nominations.
2. **Uncontested Elections (from April 2026)**
 - Costs incurred for uncontested scheduled and by-elections (e.g. printing, officer time) will now be recharged to the relevant parish.
 - Each uncontested by-election typically costs NYC around **£250**.
3. **Contested By-Elections**
 - Recharging for contested by-elections will continue as per existing arrangements.

Implications for Parish Councils

- Parish councils should plan for these costs in their **26/27 and 27/28 budget setting**. Invoices will be raised in the month after the election for which the costs were incurred.
- NYC will provide:
 - **A written policy**, outlining details of which items of expenditure will and won't be recharged
 - **Opportunities to meet and discuss the changes**. Please get in touch if you would like to discuss
 - **Indicative cost estimates** on request to assist with precept planning

This policy ensures that the cost of parish democracy is met by local residents through the parish precept, rather than being subsidised by all council taxpayers across North Yorkshire.

- **Sport Funding**

£7million mayoral investment made to get the region moving forward
David Skaith, Mayor of York and North Yorkshire, is investing millions to empower communities to become healthier so that everyone can thrive in York and North Yorkshire.

The Mayor's new campaign 'Moving Forward' looks to address regional challenges through four key areas; Movement, Activity and Sport, Active Travel, Men's Mental Health, and Connected to the Outdoors.

Moving Forward has been developed in collaboration with partners from a range of organisations across two groups, the Sports Steering Group and Men's Mental Health Taskforce.

The first milestone is £2.75 million Movement, Activity and Sport funding. Investment will be targeted to support more women and girls to take part in movement, activity and sport, remove barriers for Disabled people by supporting inclusive activities, tackle rural isolation, support early intervention and prevention for health, anti-social behaviour and crime, and enhance skills development and training in the sector.
